Almsgiving in Lent:

Operation Rice Bowl is a simple way to experience Lenten prayer, fasting and almsgiving and provide great assistance to many people in need through the work of Catholic Relief Services. Seventy-five percent of the contributions to Operation Rice Bowl support devel-

St. Thomas Aquinas Church

opment projects overseas and Lenten education activities in the US. Take one of the rice bowls available at the doors of the church. Place it in a conspicuous location in your home or at work where it will remind you of your commitment to pray and give alms for others around the world in need. May Fetè Parade and

STA Open House: Palo Alto's annual May Day Parade on May 6 will come down Homer Street and end at Waverley and Heritage Park—right in front of our church. The STA Site Com-

Volunteers to help with the beverages are needed—between 9:30 and noon, or any portion thereof.

Parish pathways:

Lenten Morning of Reflection March 11 at OLR:

Come and focus on how we might respond to the call to conversion and transformation, to a more active faith, to compassionate justice in this climate of fear, distrust, anxiety and seeming lack of hope. We will explore together the Scriptural messages of hope, the current stories of strength, and our

own spiritual practices which lead us to be the Lenten "good news" leading to Resurrection. Facilitated by Sr. Marilyn Wilson, BVM on Saturday

March 11, 9 am—1 pm at Our Lady of the Rosary Hall. Light refreshments provided; sponsored by the Thomas Merton Center.

St. Patrick's Day Dinner

March 18: The first St. Patrick's celebration was held in our Palo Alto Catholic community more than half century ago. This won-

derful family event will be held this year on Saturday, March 18. Enjoy an Irish band and Irish dancers from Greene Academy of Dance. As always, a great dinner will be served (and pizza for vegetarians and those not caring for the corned beef, cabbage, potatoes and carrots dinner.) All of this for \$15 for adults and \$5 for children.....just like 25 years ago. And Guinness on tap, too! Tickets on sale after Mass today and next week!

Spirituality Tuesday Assembly: March 7, 7:00-8:30 pm, SAGH: The Bible and the Qur'an

A Comparative Study Part 6 (Video) with our host Fr. Matt. Prof. Gabriel Reynolds, a Catholic scholar of Islamic studies at Notre Dame, guides us through the fascinating history and varied interpretations of the Qur'an and its relationship to the Holy Bible. Tonight we will hear a Christian interpretation of the Qur'an.

From the church steps:

March 9: Taizé Prayer at Our Lady of the Rosary, Thursday evenings during Lent: March 9, March 16, March 23 and March 30, 7:00-8:00 pm.

Taizé Prayer is a time for connecting in joy and gratitude, nurturing the PRESENCE within. Echoes of shared prayer..."your prayer is my prayer

too" sustains and supports you. Candles shine in remembrance of your LIGHT and the LIGHT in the world. Melodic chants and inspirational readings call you deeper to the SPIRIT within and the beauty of GOD'S presence.

Taizé originated in Burgundy, France, sixty years ago! Word spread and people from all over the world started to visit Taizé and pray there. Come and be part of this uplifting of the heart to God and be filled with peace.

Hotel de Zink signups in March:

Our parish will be providing food for the homeless shelter ([Hotel de Zink](#)) at the Church of Christ on Middlefield Road during the first two weeks of April. Ruth Chippendale will be signing people up after the Masses during March. If you miss Ruth and would like to bring food, please call her at 650-856-6350. Thank you for your help.

Bishop McElroy's Comments at the U.S. Regional World Meeting of Popular Movements:

The Most Rev. Robert W. McElroy, head of the Roman Catholic Diocese of San Diego, on February 18 delivered the following comments at the U.S. Regional World Meeting of Popular Movements during a panel discussion on the barriers marginalized people face in housing and work: "One of the most striking elements of "Laudato Si" is its clear and bold analysis of the empirical realities that threaten the Earth which is our common home. "Seeing the situation clearly" is the whole

foundation for that encyclical. It is the starting point for transformative justice. Pope Francis was unafraid to venture into this controversial set of questions about climate change and the environment despite the fact that massive social and economic forces, especially within our own country, have conspired to obscure the scientific realities of climate change and environmental degradation, in the very same way that the tobacco companies obscured for decades the medical science pertaining to smoking.

"There is a lesson for us here, as agents of change and justice. Never be afraid to speak the truth. Always find your foundation for reflection and action in the fullness of empirical reality. Design strategies for change upon ever fuller dissemination of truths, even when they seem inconvenient to the cause.

"This is an especially important anchor for us, in an age in which truth itself is under attack."
